Minnesota Department of Human Services (DHS)
You have the right to file a complaint with DHS if you believe you have been discriminated against in our health care programs because of any of the following:

- race
- color
- national origin
- religion (in some cases)
- age
- disability (including physical or mental impairment)
- sex (including sex stereotypes and gender identity)

Complaints must be in writing and filed within 180 days of the date you discovered the alleged discrimination. The complaint must contain your name and address and describe the discrimination you are complaining about. We will review it and notify you in writing about whether we have authority to investigate. If we do, we will investigate the complaint.

DHS will notify you in writing of the investigation's outcome. You have the right to appeal if you disagree with the decision. To appeal, you must send a written request to have DHS review the investigation outcome. Be brief and state why you disagree with the decision. Include additional information you think is important.

If you file a complaint in this way, the people who work for the agency named in the complaint cannot retaliate against you. This means they cannot punish you in any way for filing a complaint. Filing a complaint in this way does not stop you from seeking out other legal or administrative actions.

American Indians can continue or begin to use tribal and Indian Health Services (IHS) clinics. We will not require prior approval or impose any conditions for you to get services at these clinics. For elders age 65 years and older this includes Elderly Waiver (EW) services accessed through the tribe. If a doctor or other provider in a tribal or IHS clinic refers you to a provider in our network, we will not require you to see your primary care provider prior to the referral.

Enrolling in this health plan does not guarantee you can go to a particular provider on this list. If you want to make sure, call that provider to ask whether he or she is still part of this health plan. Also ask if he or she is accepting new patients. This health plan may not cover all your health care costs. Read your *Member Handbook* carefully to find out what is covered.

Program Descriptions

Families and Children: Families and Children is a managed care program that covers health care for the following people who have Medical Assistance:

- Children under age 21
- Parents and caretakers of a dependent child
- Pregnant women
- Adults without a dependent child

MinnesotaCare: MinnesotaCare is a managed care program that covers health care for people who do not have access to affordable health care coverage. Some members may be required to pay a premium to the State.

Minnesota Senior Care Plus (MSC+): MSC+ is a managed care program that covers health care and Elderly Waiver services for people who:

- Are age 65 or over and
- Have Medical Assistance.

If you are enrolled in MSC+, you may have another option. Contact your county financial worker to check if you can enroll in the Minnesota Senior Health Options (MSHO) program.
MSHO is a voluntary program.

Special Needs BasicCare (SNBC): SNBC is a voluntary managed care program that covers health care for people with disabilities who:

- Are age 18 through 64*
- Have Medical Assistance, and
- Have either both Medicare Parts A and B or Medical Assistance only.

* People in SNBC who turn 65 will be enrolled into a senior managed care program if they continue to meet the eligibility criteria to remain in managed care.

Introduction

How to find PrimeWest Health providers

Providers in this directory are divided into sections by type (for example, Primary Care Clinics, Chiropractic Providers, Dental Providers, etc.). These are listed in the Table of Contents on page 1. To find a provider in your area in the sections listed by county, look for your county or one near you and then choose a provider. To find a provider in your area in the sections listed by specialty, look for the specialty you need and then your county. Home and Community Based Services (HCBS) providers and Personal Care Assistance (PCA)/Community First Services and Supports (CFSS) providers are included in a separate subdirectory. You can ask for a copy of the subdirectory by calling Member Services at **1-866-431-0801**. TTY users call **1-800-627-3529** or **711**. These calls are free. You can access the subdirectory online by visiting our website at **www.primewest.org/members.** You can also reference the online provider search tool located at **www.primewest.org/providersearch.**

Network providers

You must get all your health care from PrimeWest Health network providers. There are some exceptions. Examples of exceptions are emergency or urgent care, open access services, and other previously authorized services. If you have questions about the providers you should use, please contact Member Services.

Specialty providers

When your primary care provider thinks that you need specialized treatment, you may use a specialist or certain other providers within our network. A specialist is a health care provider who provides health care services for a specific disease or part of the body. There are many kinds of specialists. Here are a few examples:

- Oncologists, who care for patients with cancer
- Cardiologists, who care for patients with heart conditions
- Orthopedists, who care for patients with certain bone, joint, or muscle conditions

Our plan is a direct access plan. This means you do not need to get a referral to get services from network providers. For some types of services, you may need to get a Service Authorization.

Important Information

Care Coordination

Upon enrollment, a case manager/care coordinator is assigned to members age 65 and over and to those enrolled in our SNBC program. However, you are not required to use case management/care coordination services if you choose not to.

PrimeWest Health's care coordinators help you get the services you need to get the best possible care.

Some members are also eligible for case management through their county. Care coordinators work closely with county case managers to help coordinate services, answer benefit questions, and make sure you are getting the right level of care. Care coordinators also work with county case managers when you have newly identified needs, such as a recent hospitalization or you are late for a recommended service.

County case managers and care coordinators may be nurses, licensed counselors, or social workers.

County case managers coordinate health care services for members and can go with members to health care appointments, if needed. They also do the following:

- Ensure each member gets coordinated, person-centered care for all of their health needs
- Arrange for and coordinate assessments, tests, and other health and continuing care services
- Develop, evaluate, and update person-centered care plans
- Promote best practices for each member's care
- Help members get culturally specific care based on their needs and preferences
- Help members with long-term services and supports
- Stay in contact with members and their treating providers
- Provide other services as outlined in care plans

If you are an MSC+ member and choose not to use case management services, a county case manager or PrimeWest Health care coordinator will still be assigned to you. If you have transitions of care (such as going home after a hospital stay) or other significant changes in your needs, the county case manager/care coordinator will contact you to help coordinate your care. If you are in our SNBC program and choose not to use county case management services, a PrimeWest Health care coordinator will act as your primary contact person.

You can get information on how to access care coordination services by calling Member Services at **1-866-431-0801**. TTY users call **1-800-627-3529** or **711**. The call is free.

Clinics

PrimeWest Health encourages you to choose a primary care clinic. Your primary care clinic can provide most of the health care services you need and will help coordinate your care. Please confirm with Member Services that your clinic is still a provider with our health plan. You can go to any primary care clinic that's listed in this directory or our online provider search at **www.primewest.org/providersearch.**

Cost Sharing

For MinnesotaCare: You may be required to pay an amount toward some health care services. This is called cost sharing. Some examples of cost sharing are copays or deductibles for certain services. You are responsible to pay your cost sharing amount directly to your pharmacy or health care provider. You can get a ***Member Handbook*** with more information about cost sharing.

For Medical Assistance: **You do not have cost sharing for services covered under Medical Assistance.**

Interpreter Services

American Sign Language (ASL) and language interpreter services are available to help you get services. Oral interpretation can be given to you in your language. You may be able to get written information in your language. Call Member Services

at **1-866-431-0801** to get interpreter services. TTY users call **1-800-627-3529** or **711**. These calls are free. PrimeWest Health may need to bring another person to the phone who speaks your language.

Long-Term Services and Supports (LTSS)

You may be able to get long-term services and supports (LTSS), such as services provided by the Elderly Waiver (EW) program as a PrimeWest Health MSC+ member. LTSS help people who need assistance to do everyday tasks like taking a bath, getting dressed, making food, and taking medicine. LTSS are intended to help you live in the community and are typically provided at your home by Home and Community Based Services providers.

You must have a long-term care consultation (LTCC) done and be found to be eligible to get additional services or support. You can ask to have this assessment in your home, apartment, or facility where you live.

Your care coordinator will meet with you and your family to talk about your care needs if you call to ask for a visit.

Your care coordinator will give you information about community services, help you find services to stay in your home or community, and help you find services to move out of a nursing home or other facility.

If you need transition planning and coordination services to help you move to the community, you may be eligible to get Moving Home Minnesota (MHM) program services. MHM services are separate from Elderly Waiver (EW) services, but you must be eligible for EW.

To find out more about these services, refer to your ***Member Handbook***. Call Member Services to get more information on how to access these services.

Recuperative Care

Recuperative care services are available to PrimeWest Health members experiencing homelessness to help prevent hospitalizations; or provide medical care and support services for members unable to recover from a physical illness when living in a shelter or are otherwise unhoused. PrimeWest Health members receive recuperative care services when they don't need to be hospitalized or remain hospitalized, or don't meet severity of illness for other levels of care.

A PrimeWest Health member must have a referral for recuperative care services from a hospital or clinic.

To be eligible for recuperative care services, a PrimeWest Health member must meet all the following criteria.

- 21 years or over if they have Medical Assistance, or 19 years or over if they have MinnesotaCare
- Experiencing homelessness or are unhoused
- In need of short-term medical care for fewer than 60 days
- In need of assistance with the following covered services
  - **Covered Services**
    - Facilities and providers must ensure they are providing services only within their scope of practice.
    - Basic nursing care including monitoring physical health and pain level
    - Wound care
    - Medication support
    - Patient education
    - Immunization review and update
    - Clinical goals development for the recuperative care period and discharge plan
    - Care coordination including initial assessment of medical, behavioral, and social needs
    - Care plan development
    - Support and referral assistance for legal, housing, transportation, case management, and community social services

- Support and referral assistance for health care benefits, health, and other eligible benefits
- Care plan implementation follow-up and monitoring
- Medical, social, and behavioral (counseling and peer support) services that can be provided in the recuperative care setting
- Community health worker services (Minnesota Statutes, 256B.0625, 43.25 subdivision 49. 43.26)

Recuperative care providers are not listed in this directory. Visit **https://mhcpproviderdirectory.dhs.state.mn.us** or **https://mn.gov/adresources/** for a more comprehensive list. If you have additional questions, call Member Services at the phone number listed on the front cover of this book.

Member Handbook

To get detailed information about covered health care services, refer to your ***Member Handbook***. It also explains your rights and responsibilities as a member of PrimeWest Health. Contact Member Services at **1-866-431-0801**. TTY users call **1-800-627-3529** or **711**. These calls are free. You can ask for a printed copy of the ***Member Handbook*** at any time. You can also access the ***Member Handbook*** on our website by going to one of the following web pages and looking in the *Member Materials* box:

- **www.primewest.org/fc**
- **www.primewest.org/minnesotacare**
- **www.primewest.org/msc**
- **www.primewest.org/snbc**

Member Identification (ID) Cards

You will get a health plan member identification (ID) card. You must show this card whenever you get health care services, including when you get a prescription filled. You will get your member ID card with your member packet when you become our member. You may request a replacement ID card or a ***Member Handbook*** by calling Member Services at **1-866-431-0801**. TTY users call **1-800-627-3529** or **711**. These calls are free.

Service Accessibility

If you need special access to get services from a provider, you can get information by calling Member Services at **1-866-431-0801**. TTY users call **1-800-627-3529** or **711**. These calls are free. Or, visit **www.primewest.org/providersearch.** This could include, but is not limited to, accessible office, exam room, and equipment.

Service Authorization

Our approval is needed for some services to be covered. You must get our approval before you get certain services or before we pay for them. This is called a Service Authorization. You need a Service Authorization to go to any provider who is NOT part of the PrimeWest Health network, except for emergency and urgent care services, out-of-area renal dialysis, **open access services**, and some specialists for SNBC members. You or your provider may call Member Services to request a Service Authorization. You can get a ***Member Handbook*** with more information about which services require Service Authorization.

Questions about our network or how to find a provider? Call Member Services at **1-866-431-0801**. TTY users call **1-800-627-3529** or **711**. These calls are free.

Provider Network Listing Key

This network listing key will help you understand the information included under each provider listing. We strive to have the most up- to- date and comprehensive information about each provider available to members. If any fields are blank or if symbols are not listed within a listing, this means we did not have that information available when this ***Provider Directory*** was published. The listings will include:

- ✚ Hospital affiliations for primary care clinics
- 🗪 Languages spoken at the facility
- ⃠ Limits, if any, on which patients providers serve (e.g., "Not accepting new patients" or "Only accepting patients 8 and under")
- ⌘ Telehealth availability
- ♿ Accessibility of the provider's office, exam room(s), and/or equipment. For more information about specific accessibility needs, call your provider. The Americans with Disabilities Act (ADA) requires that people with disabilities have equal access to services.
- ▶ "Cultural competence training" means providers have completed cultural competence training in the last 12 months. If provided, the name of the training is included.
- ◈ "Cultural capabilities/specialties," if provided, include cultural awareness, cultural safety, and cultural competence offered by health care providers to better adapt and serve members' backgrounds, values, and beliefs to meet their social, cultural, and language needs.

PrimeWest Health lists the clinic number for our primary care clinics. To find the primary care clinic number, refer to the field labeled "Clinic Code."

Provider Network Listings

PRIMARY CARE CLINICS

This list includes all providers within 30 miles of our service area. It may also include providers outside that area if they are in our network. You can get updated information about providers in this list by visiting our website at **www.primewest.org/members.** You can ask for a print copy of this directory and get information on specialists that are not listed in this booklet by calling Member Services at **1-866-431-0801**. TTY users call **1-800-627-3529** or **711**. These calls are free. Unless otherwise indicated, all providers in these listings are accepting new patients.

MENTAL HEALTH PROVIDERS – OUTPATIENT

This list includes all providers within 30 miles of our service area. It may also include providers outside that area if they are in our network. You can get updated information about providers in this list by visiting our website at **www.primewest.org/members.** You can ask for a print copy of this directory and get information on providers that are not listed in this booklet by calling Member Services at **1-866-431-0801**. TTY users call **1-800-627-3529** or **711**. These calls are free. Unless otherwise indicated, all providers in these listings are accepting new patients.

You may be able to get targeted mental health case management services if you qualify. You must have an assessment done and be found eligible to get additional services and support. Call Member Services for more information on how to get these services.

Mental Health Outpatient providers may have a specific Area of Service they offer and specific Specialty Areas they treat. We show this in our listings with text as:

- **Areas of Service:** Pediatric, Adolescent, and/or Adult
- **Specialty Areas:** Abuse, Anxiety, Depression, Eating Disorder, Grief Counseling, etc.
- **If unknown:** Unknown

SPECIALTY PHARMACIES

This list includes all providers within 60 miles of our service area. It may also include providers outside that area if they are in our network. You can get updated information about providers in this list by visiting our website at **www.primewest.org/members.** You can ask for a print copy of this directory and get information on specialists that are not listed in this booklet by calling Member Services at **1-866-431-0801**. TTY users call **1-800-627-3529** or **711**. These calls are free. Unless otherwise indicated, all providers in these listings are accepting new patients.

Enrollees with Medicare must use a Medicare Part D prescription drug plan for Part D-covered drugs. Contact your Medicare Part D prescription drug plan if you have questions about how to access pharmacies for Part D drugs.

If you are prescribed a drug that is on the PrimeWest Health Specialty Drug List, your prescriber will need to send the prescription to one of PrimeWest Health's specialty pharmacies.

SCHOOL-BASED COMMUNITY SERVICES

This list includes all providers within 60 miles of our service area. It may also include providers outside that area if they are in our network. You can get updated information about providers in this list by visiting our website at **www.primewest.org/members.** You can ask for a print copy of this directory and get information on specialists that are not listed in this booklet by calling Member Services at **1-866-431-0801**. TTY users call **1-800-627-3529** or **711**. These calls are free. Unless otherwise indicated, all providers in these listings are accepting new patients.

School-Based Community Services (SBCS) are certain medically necessary services Minnesota Health Care Programs (MHCP) will reimburse when provided to children in the school by a qualified health care provider employed or contracted by the school. Effective July 1, 2021, Minnesota public schools can bill for these services.

Eligible members for SBCS must be under the age of 22 and actively enrolled in one of the major Medical Assistance or MinnesotaCare programs.
