Medicare Advantage & Prescription Drug Plan (MA & PDP) CAHPS® Report

July 2025

Introduction. Results from PrimeWest Health's fielding of the Medicare Advantage & Prescription Drug Plan (MA & PDP) CAHPS survey provide a comprehensive tool for assessing consumer experience with the health plan. This report is designed to allow the health plan to look at summaries of members' experiences, using two types of presentation. First, the executive summary includes a brief description of the methodology, then presents graphically the key results for rating questions and composites, followed by a sample disposition. Second, member responses are presented by question, including information about the response options used for scoring achievements. A copy of the questionnaire is found as an appendix.

Assessing consumer experience in this report is accomplished with the use of linear mean scoring methodology developed and outlined by the Centers for Medicare & Medicaid Services (CMS). These results are presented alongside their corresponding rating score (referred to as 'base group' in the CMS technical documents) and percentile cut point. The criteria for assigning rating scores and cut points are defined by CMS. Composite scores are built from the linear means for groups of survey items that make up broad domains of members' experience: Getting Needed Care, Getting Appointments and Care Quickly, Doctors Who Communicate Well, Customer Service, Getting Needed Prescription Drugs, and Care Coordination.

Results. This report summarizes the findings of the MA & PDP CAHPS survey conducted for PrimeWest Health's MA & PDP population. Attempts were made to survey 800 member households by mail and telephone during the period of February 26, 2025 through May 31, 2025, using a mixed-mode protocol and standard questionnaire. The survey protocol and questionnaire were developed by a consortium of researchers from the American Institutes for Research, Harvard Medical School, RAND Corporation, and RTI International under a cooperative agreement between CMS and the Agency for Healthcare Research and Quality (AHRQ), a component of the U.S. Public Health Service. For more information about the CAHPS Project, please go to <https://www.cahps.ahrq.gov>.

The survey drew as potential respondents the members of PrimeWest Health's MA & PDP population. Members were at least 18 years old and had to be continuously enrolled in the plan for at least 6 months as of December 31, 2024. From this sample frame, a random sample of 800 cases was drawn. Respondents were surveyed in English and Spanish. Questionnaires were considered for analysis if respondents answered at least one reportable measure question. For more information about this and other aspects of the protocol for this survey, please go to www.ma-pdpcahps.org and view the *MA & PDP Quality Assurance Protocols & Technical Specifications*. Completed questionnaires and interviews were obtained from 282 MA & PDP members, and the response rate was 36.2%.

Disclaimer. This report is intended to summarize preliminary results from the MA & PDP CAHPS survey and should only be used for internal quality improvement purposes. Results are presented with no case-mixing or adjustment for differences between the plan's demographic composition and that of national data. Where there are relatively large demographic differences, plan scores are more likely to deviate from national scores. The results in this report are estimates based on information made available to vendors by CMS; they will not necessarily match the final scores issued by CMS. The CMS-calculated results are the official survey results and are expected in the fall of 2025.

CMS prohibits vendors from displaying cell counts with fewer than 11 observations or any numbers that allow the exact inference of a cell count of fewer than 11 observations.

Rating Scores and Percentile Cut Points

Assignment of rating scores (referred to as 'base groups' in the CMS technical documents) and percentile cut points is the beginning step in the CMS Star Rating Program analysis process. Each year, these classifications (rating scores and percentile cut points) are built by CMS using the MA & PDP CAHPS national data. Rating scores take on a value between one and five where one is the lowest rating score possible and five is the highest rating score possible. The rating score value is determined by cut point thresholds of the national data percentiles. Please refer to the table below for the percentile cut point threshold criteria for each rating score. Rating scores are assigned for five of the six composites and for three of the five rating questions. Please note, rating scores are not assigned at the individual question level for those items feeding into a composite.

Rating Score 1:	<15th percentile
Rating Score 2:	≥15th to <30th percentile
Rating Score 3:	≥30th to <60th percentile
Rating Score 4:	≥60th to <80th percentile
Rating Score 5:	≥80th percentile

Further detail about the CMS Star Ratings and the analytical procedures informing this program can be found at the CMS Medicare Part C D Performance Data page available at: <https://www.cms.gov/medicare/health-drug-plans/part-c-d-performance-data> Another helpful resource which provides a summary of the data coding and result calculation procedures is the MA & PDP CAHPS Survey Vendor Training Slides available at: <https://ma-pdpcahps.org/globalassets/ma-pdp/training/2024-ma--pdp-cahps-training-slides.pdf>

SUMMARY OF RATING AND OTHER MEASURES

3 rating questions assess consumer satisfaction with their health care, health plan, and drug plan. In addition, individual measures for flu vaccine, pneumonia vaccine, reminder to fill prescriptions, and reminder to take prescriptions are also presented.

NA: Percentiles not published by CMS

SUMMARY OF COMPOSITE MEASURES

A composite score is calculated for each of six domains of member experience: Getting Needed Care, Getting Appointments and Care Quickly, Doctors Who Communicate Well, Customer Service, Getting Needed Prescription Drugs, and Care Coordination. The composite scores provide a summary assessment of how the plan performed across the domain. In the table below, the composite scores below are created by taking the mean of the individual question means that make up the composite.

NA: Percentiles not published by CMS

Note: This report summarizes preliminary results of the MA & PDP CAHPS survey and should be used only for internal quality improvement efforts. Official results are those calculated by CMS.

2025 Medicare Experience Survey

MEDICARE SURVEY INSTRUCTIONS

This survey asks about you and the health care you received in the last six months. Answer each question thinking about yourself and the times you got health care in person, by phone or by video call. Please take the time to complete this survey. Your answers are very important to us. Please return the survey with your answers in the enclosed postage-paid envelope to DataStat.

- If you changed your Medicare plan for 2025, answer the questions thinking about your experiences in the last 6 months of 2024.
- Answer all the questions by filling in the circle to the left of your answer, like this:
 - Yes
- Be sure to read all the answer choices given before marking your answer.
- You are sometimes told not to answer some questions in this survey. When this happens you will see an arrow with a note that tells you what question to answer next, like this: [➔ If No, Go to Question 3]. See the example below:

EXAMPLE

1. Do you wear a hearing aid now?

- ☐ Yes
- ☒ No ➔ *If No, Go to Question 3*

2. How long have you been wearing a hearing aid?

- ☐ Less than one year
- ☐ 1 to 3 years
- ☐ More than 3 years
- ☐ I don't wear a hearing aid

3. In the last 6 months, did you have any headaches?

- ☒ Yes
- ☐ No

According to the Paperwork Reduction Act of 1995, no persons are required to respond to a collection of information unless it displays a valid OMB control number. This applies to both mandatory and voluntary collections of information. The valid OMB control number for this information collection is **0938-0732 (expires 11/30/2027)**. The time required to complete this information collection is estimated to average **15 minutes**, including the time to review instructions, search existing data resources, gather the data needed, and complete and review the information collection. If you have comments concerning the accuracy of the time estimate(s) or suggestions for improving this form, please write to: CMS, 7500 Security Boulevard, Attn: PRA Reports Clearance Officer, Mail Stop C1-25-05, Baltimore, Maryland 21244-1850.

1. Our records show that in 2024 your health services were covered by the plan named on the back page. Is that right?
- ☐ Yes ➔ **If Yes, Go to Question 3**
- ☐ No
2. Please write below the name of the health plan you had in 2024 and complete the rest of the survey based on the experiences you had with that plan. (Please print)
- _____

Your Health Care in the Last 6 Months

These questions ask about your own health care from a clinic, emergency room, or doctor's office. This includes care you got in person, by phone, or by video.

3. In the last 6 months, did you have an illness, injury, or condition that needed care right away?
- ☐ Yes
- ☐ No ➔ **If No, Go to Question 5**
4. In the last 6 months, when you needed care right away, how often did you get care as soon as you needed?
- ☐ Never
- ☐ Sometimes
- ☐ Usually
- ☐ Always
5. In the last 6 months, did you make any in-person, phone, or video appointments for a check-up or routine care?
- ☐ Yes
- ☐ No ➔ **If No, Go to Question 7**
6. In the last 6 months, how often did you get an appointment for a check-up or routine care as soon as you needed?
- ☐ Never
- ☐ Sometimes
- ☐ Usually
- ☐ Always

7. In the last 6 months, not counting the times you went to an emergency room, how many times did you get health care for yourself in person, by phone, or by video?
- ☐ None
- ☐ 1 time
- ☐ 2
- ☐ 3
- ☐ 4
- ☐ 5 to 9
- ☐ 10 or more times
8. Using any number from 0 to 10, where 0 is the worst health care possible and 10 is the best health care possible, what number would you use to rate all your health care in the last 6 months?
- ☐ 0 Worst health care possible
- ☐ 1
- ☐ 2
- ☐ 3
- ☐ 4
- ☐ 5
- ☐ 6
- ☐ 7
- ☐ 8
- ☐ 9
- ☐ 10 Best health care possible
9. In the last 6 months, how often was it easy to get the care, tests, or treatment you needed?
- ☐ Never
- ☐ Sometimes
- ☐ Usually
- ☐ Always

Your Personal Doctor

10. A personal doctor is the one you would talk to if you need a check-up, want advice about a health problem, or get sick or hurt. Do you have a personal doctor?
- ☐ Yes
- ☐ No ➔ **If No, Go to Question 26**

11. In the last 6 months, how many times did you have an in-person, phone, or video visit with your personal doctor about your health?

- ☐ None → **If None, Go to Question 26**
- ☐ 1 time
- ☐ 2
- ☐ 3
- ☐ 4
- ☐ 5 to 9
- ☐ 10 or more times

12. In the last 6 months, how often did your personal doctor explain things in a way that was easy to understand?

- ☐ Never
- ☐ Sometimes
- ☐ Usually
- ☐ Always

13. In the last 6 months, how often did your personal doctor listen carefully to you?

- ☐ Never
- ☐ Sometimes
- ☐ Usually
- ☐ Always

14. In the last 6 months, how often did your personal doctor show respect for what you had to say?

- ☐ Never
- ☐ Sometimes
- ☐ Usually
- ☐ Always

15. In the last 6 months, how often did your personal doctor spend enough time with you?

- ☐ Never
- ☐ Sometimes
- ☐ Usually
- ☐ Always
