Tips to Avoid Going Back to the Hospital

Going back to the hospital for the same condition within a short period is called “hospital readmission.” Following instructions, keeping health conditions in check, and being active can help you stay healthy and avoid this. Here are some tips:

- After leaving the hospital, take medicines on time, go to follow-up appointments, and follow any special care instructions, like changes to diet.
- Keep ongoing problems like diabetes or high blood pressure under control.
- Light exercise like walking and stretching can help you stay strong and prevent accidents and falls.

PrimeWest Health members can also get county case management.

County case managers can do the following:

- Help you understand and manage your health
- Help set up and manage provider visits and tests
- Make and update care plans to help keep you healthy
- Talk with providers to help coordinate your care

For more information on county case management, call Member Services at **1-866-431-0801**. TTY users call **1-800-627-3529** or **711**. These calls are free.

Get Rewarded for Colorectal Cancer Screening

Did you know that PrimeWest Health offers incentives to members for getting a colorectal cancer screening? Eligible members who get this screening in 2025 and complete a voucher could earn a gift card! For more information, go to www.primewest.org/incentives.

Signs a Loved One May Have Dementia

Dementia is a condition that affects the brain. It makes it harder for people to remember things, think clearly, and do everyday activities.

If you notice the following signs in someone, it's important for them to visit their provider. Getting help early can make a big difference.

- Having trouble doing tasks they used to do easily, like cooking, paying bills, or getting dressed
- Forgetting important dates, recent conversations, where they are, what day it is, or how to get home
- Seeming confused, sad, or upset for no clear reason

To help members with dementia and their caregivers, PrimeWest Health has a Caregiver Support Program. In the program, a nurse care coordinator or a community health worker can help coordinate care, provide information, and help find resources. To learn more about the Caregiver Support Program, call Member Services at **1-866-431-0801**. TTY users call **1-800-627-3529** or **711**. These calls are free.

PrimeWest Health Focused Wellness Programs

Anxiety, asthma, Chronic Obstructive Pulmonary Disease (COPD), depression, diabetes, and heart disease are all chronic health conditions. Managing a chronic condition can be hard, but support makes it easier! To help you stay on top of your health, PrimeWest Health offers Focused Wellness programs for each of these conditions.

Members in Focused Wellness can get personalized phone calls from a nurse who will offer self-care tips, help you advocate for yourself, talk with you about how to manage your health, and help you set goals.

By managing your chronic conditions, you can live a healthier, more active life. To learn more about how Focused Wellness can help you or someone you care for, call Member Services at **1-866-431-0801** and ask for the Focused Wellness nurse. TTY users call **1-800-627-3529** or **711**. These calls are free.

Cheese and Corn Chowder: A Fresh and Tasty Meal!

If you need an idea for what to eat tonight, consider trying this delicious cheese and corn chowder. Eating well doesn't have to be hard or expensive! In 2026, eligible PrimeWest Health members can get up to **\$187 per month** to help pay for healthy foods*. To find out more, call **1-800-366-2906**. TTY users call **1-800-627-3529** or **711**. The call is free.

Ingredients

- 2 cups potatoes, diced
- 1 cup carrot, sliced
- 1 cup celery, chopped
- ½ cup onion, chopped
- ¼ teaspoon black pepper
- 1 can (14.75 ounce) cream-style corn, low-sodium
- 1 ½ cups milk, non-fat
- ½ cup cheddar or American cheese, shredded

Notes

To make a ham, cheese, and corn chowder: Add ½ cup cubed, cooked ham.

If you would like help with healthy eating and lifestyle changes, call Member Services at **1-866-431-0801** and ask for Andria, our LPN Community Health Specialist. TTY users call **1-800-627-3529** or **711**. The call is free.

Directions

1. Wash hands with soap and water.
2. Combine potatoes, carrots, celery, and onion, in pan. Add 1 cup water. Cover and simmer 10 minutes.
3. Add corn and pepper. Cook 5 more minutes or until vegetables are cooked.
4. Add milk and cheese. Stir until cheese melts and chowder is heated through. Do not boil.
5. Serve hot.

**This is a special supplemental benefit. To get this benefit, you must have a chronic condition such as cardiovascular disorders; chronic and disabling mental health conditions; chronic conditions that impair vision, hearing (deafness), taste, touch, and smell; conditions with functional challenges; or chronic lung disorders. Other conditions may be eligible as well. Having the condition does not guarantee eligibility. Other requirements may apply. Call us to find out if you are eligible.*
