

Medication Therapy Management

Medication Therapy Management (MTM) is a service that allows people taking multiple drugs to meet one-on-one with a pharmacist. PrimeWest Health offers this service at no cost to members who qualify.

The MTM pharmacist will look at all of the medicines you take. This includes prescriptions, as well as over-the-counter and herbal medicines. You will learn the proper name and use for each drug you take. You may discover new ways to take your drugs so they are safer and will work better. If you are having problems with your medication, the pharmacist may make a plan for you to take home and follow. The plan will help you get better results when taking your medicines. The pharmacist will check to see if everything is safe to take together. If they find any problems, they will notify your health care provider.

Your pharmacist may also have ideas about how to reduce the number of drugs you take daily, which could save you money and lower your risk for drug interactions. You will also have a chance to ask questions with no distractions or long waits.

Although there are qualified MTM providers in most PrimeWest Health counties, not all pharmacists can provide this service. MTM pharmacists require special training that teaches them how to look at your overall health care needs. If you qualify for MTM, PrimeWest Health can help you find a pharmacist who provides this service in your area.

You must meet all of the following criteria to qualify for MTM:

- Have one or more chronic conditions, such as diabetes, high blood pressure, heart failure, depression, osteoporosis, COPD/asthma, or high cholesterol
- Take one or more drugs to control these conditions
- Be enrolled in Families and Children, MinnesotaCare, Minnesota Senior Care Plus (MSC+), or Special Needs BasicCare (SNBC)

If you think MTM could help you and want to learn more, call Member Services at **1-866-431-0801**. TTY users call **1-800-627-3529** or **711**. The call is free. We will help you decide if you qualify for MTM and tell you who in your area can provide this service.
